

## MS305 SMALL STOCK STUNNER

Jarvis Manual Sheep Stunning Control cabinet for the Electrical stunning of Sheep, for both Halal and Full Kill Stunning

**JETCO**  
Jarvis Engineering Technologies

- **Safe** – Stunning voltage isolated for operator safety with two handed anti tie down triggers
- **Adjustable Current** – 6 settings  
0.7 – 2.0 Amps
- **Multiple Species Setting** – 3 settings  
Stun time and stun fail criteria adjustable for different species
- **Humane** – Current sensing electronics monitor each stun, with warning light for Stun Fail
- **Short Circuit Proof** – Current limiting  
Choke short circuit proofs the output probes
- **Certified Components** – Fully complies with **AS.3108** and **NZS6116**

**SUPERIOR STUN QUALITY**

# MS305 SMALL STOCK STUNNER

## Specifications

Capacity	Up to 600/Hr
Controls	Two handed with anti-tie down control
Overall dimensions	Cabinet 400 mm H x 400 mm W x 200 D ( Includes Meter Cabinet )
Shipping Dimensions	1000mm x 500mm x 450mm
Weight	Cabinet = 55KG Shipping = 65 KG

## Electrical Specifications

Supply Voltage	230V AC 50 / 60 Hz
Output Voltage	550VAC
Output Current	0.7 – 2.0 Amps
Current Selection	6 Position Switch
Stun Time	0 – 6sec ( Adjustable )

## Equipment Selection

MS105	Cabinet c/w Safety Push Button	3863030
M1J Handset	Model 1J Handset for Head Only Stunning	7150400J
M1C Handset	Model 1C 'Pneumatic Clamp' Handset for head only stunning	7150415J
Balancer	Spring Balancer for M1J Handset	7150650
M2 Handset	Model 2 Handset for Head to Back Stunning	7150410J
Balancer	Spring Balancer for M2J Handset	7150651
Meter Box	Meter box c/w Voltmeter, ammeter and indicator lamps	3863008
Solenoid Kit	Water solenoid assembly	3822009
Valve Plate	Pneumatic and water valve assembly for M1C Handset	3822005
